

Remote Triggered Avalanche at Buck Ridge

Buck Ridge
Northern Madison
2/13/2024
Code
SS-AMr-R2-D2-O
Elevation
9400
Aspect
N
Latitude
45.17190
Longitude
-111.38000
Notes

We rode into Buck Ridge today and in First Yellow Mule, we triggered an avalanche 100' away from a flat meadow below. This avalanche broke several hundred feet wide and 3' deep on weak [faceted snow](#) low in the snowpack. This was right next to a slope that we had remotely triggered weeks ago on January 22nd, [observation here](#).

Number of slides
1
Number caught
0
Number buried
0
Avalanche Type
Soft slab avalanche
Trigger
Snowmobile
Trigger Modifier
r-A remote avalanche released by the indicated trigger
