

Natural Avalanches near Divide Cirque

Divide Peak

Northern Gallatin

2/17/2024

Code

N

Aspect Range

N-W

Latitude

45.40290

Longitude

-110.97600

Notes

From observations on 02/22/2024: "We toured to the east shoulder of Divide Peak today, 02/22/2024. We saw several natural avalanches on the north-facing terrain in Divide Cirque, below Hyalite Peak, and Overlook Mountain. These avalanches likely happened following a storm near the end of last week."
