

Snowmobile triggered avalanche Twin Peaks

Date

Sun, 03/03/2024 - 03:40

Activity

Snowmobiling

Secondhand photo and story regarding two snowmobilers sidehilling the northwest aspect of Twin Peaks and triggering the slide in the photos. They were both able to ride out of it. This avalanche is located about 150 yards north of the Twin Peaks avalanche accident site from January 2024.

Region

Butte Area

Location (from list)

Flint Creek Range

Observer Name

Will Shoutis
